The subscriber, in offering the accompanying collection of Coins for public competition, begs to state he has endeavored to give as truthful a representation of the state of the coins as so difficult a task would enable him to do; and while mentioning that it contains some of the rarest specimens ever yet offered at public sale, he is willing to believe that the entire assortment will give satisfaction to the collectors, and in regard to the prices, he leaves himself unreservedly in their hands. He also avails himself of this opportunity of returning his sincere acknowledgments to his friends for their kind patronage up to the present time, and hopes to be deemed worthy of their continued favors.

EDWARD COGAN.

P. S.—Collectors will please intimate, as soon as possible, whether it is their wish to have a printed priced catalogue, at 50 cents, and send their names at once, by which E. C. will be able to judge whether it would be advisable to have them printed.
